CHOU ASSOCIATES MANAGEMENT INC.

INTERIM MANAGEMENT REPORT OF FUND PERFORMANCE

June 30, 2021

This interim management report of fund performance contains financial highlights but does not contain the complete financial statements of the Fund. You can get a copy of the annual financial statements at your request, and at no cost, by calling Toll-free: 1-888-357-5070, by writing to us at 110 Sheppard Ave. East, Suite 301, Box 18, Toronto, Ontario M2N 6Y8 or by visiting our website at www.choufunds.com and SEDAR at www.sedar.com.

Unitholders may also contact us using one of these methods to request a copy of the Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

This document may contain forward-looking statements relating to anticipated future events, results, circumstances, performance, or expectations that are not historical facts but instead represent our beliefs regarding future events. By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that predictions and other forward-looking statements will not prove to be accurate. We caution readers of this document not to place undue reliance on our forward-looking statements as a number of factors could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed or implied in the forward-looking statements.

Actual results may differ materially from management expectations as projected in such forward-looking statements for a variety of reasons including, but not limited to, market and general economic conditions, interest rates, regulatory and statutory developments, the effects of competition in the geographic and business areas in which the Fund may invest, and the risks detailed from time to time in the Fund's Simplified Prospectus. We caution that the foregoing list of factors is not exhaustive, and that when relying on forward-looking statements to make decisions with respect to investing in the Fund, investors and others should carefully consider these factors, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements. Due to the potential impact of these factors, the family of Chou Funds does not undertake, and specifically disclaims, any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, unless required by applicable law.

Chou Associates Management Inc. ("the Manager") manages the overall business of the Fund, including the selection of the securities in the Fund's portfolio and promoting sales of the Fund's units. For the purposes of this document, the terms Chou Associates Management Inc. and "the Manager" are interchangeable. Full contact information for the Manager is located at the end of this report.

CHOU BOND FUND

Management Discussion of Fund Performance

Investment Objective and Strategies

Chou Bond Fund's (the "Fund") objective is to provide conservation of principal and income production, along with capital appreciation. The Fund invests primarily in Canadian and U.S. fixed income instruments considered by Chou Associates Management Inc. (the "Manager") to be undervalued. These fixed income securities include, but are not limited to the Government of Canada, provincial, municipal and corporate issues, including convertibles and high yield fixed income securities, and fixed income securities outside of Canada and the U.S. No more than 35% of the net assets of the fund, at the time of purchase, will be invested in fixed-income securities outside of Canada and the U.S.

Risk

The risks of investing in the Fund are disclosed in the Fund's most recently filed Simplified Prospectus which can be found on the Fund's website at www.choufunds.com and SEDAR at www.sedar.com.

During the period ended June 30, 2021, there were no material changes that affected the Fund's overall level of risk.

Market Review

For the first half of 2021, the U.S. high-yield market performed positively. The Bloomberg Barclays U.S. Corporate High Yield index offered a return of 3.6%. High-yield debt issuance totaled US\$298.7 billion over the period, up 51.1% year-to-year while investment grade issuance dropped 32.7% year-to-year.

The spread between U.S. Treasury yields and high-yield bonds dropped to its lowest levels in more than a decade due to strong investor confidence in the economic recovery. The yield for junk bonds also reached record lows of around 4.57%.

The U.S. Federal Open Market Committee held four scheduled meetings during the first six months of 2021. The Committee decided to keep the target range for the federal funds rate at 0 to 0.25 percent and expects it will stay until the labor market improves. While inflation has been rising faster than they expected, they noted at their June meeting that they see the current trend as transitory.

Results of Operations

For the period ended June 30, 2021, the Fund increased by 26.1% for Series A units and 26.2% for Series F units after fees and expenses, while Barclays Capital U.S. Corporate High Yield Index returned 0.7% in Canadian dollars. In U.S. dollars, the Fund increased 29.5% for Series A units and 29.6% for Series F units, while Barclays Capital U.S. Corporate High Yield Index increased 3.6%.

The major advancers in the first half of 2021 were the fixed income holding of Athabasca Oil Corporation and the equity holdings of WOW Unlimited Media Inc., and EXCO Resources Inc.

The Canadian currency appreciated against the US dollar, which also negatively affected the Fund.

CHOU BOND FUND

Portfolio Update

During the period, the Fund sold its debt holdings in UrkLandFarming PLC, Continental Resources Inc., PDC Energy Inc., GameStop Corporation, and Signet UK Finance PLC.

The Fund made a series of new bond investments in the coal and insurance sectors. These include the following bonds:

- Peabody Energy Corporation, 6.000%, due March 31, 2022
- PIC AU Holdings LLC, 10.000%, due December 31, 2024
- MBIA Inc., 6.625%, due October 1, 2028

The Fund did not enter into any foreign currency contracts during the period, and had no covered call options in its portfolio as at June 30, 2021.

In the first half of 2021, the Fund received \$173 in income from its securities lending program.

The Fund's net redemptions in the first half of 2021 were approximately \$447,638 for Series A units and approximately \$729,200 for Series F units. The Fund's average month-end cash position for the period was 14.8% of the Fund's net assets.

Recent Developments

The ongoing COVID-19 pandemic has continued to disrupt businesses around the world. Uneven vaccination rollouts and the emergence of new variants have added volatility to both domestic and international markets.

While governments and central banks have maintained their support of the economy through monetary and fiscal policies, the shape of the pandemic recovery remains unclear at this time.

Based on this increased uncertainty, we expect the performance of the Fund's portfolio to be affected to some degree in the near term.

Related Party Transactions

The Manager manages the overall business of the Fund, including selection of the securities in the Fund's portfolio, and promoting the sale of the Fund's units.

The Manager is also the trustee of the Fund. Investors receive units of a trust when they invest in the Fund. The Manager, as trustee, holds the actual title to the property in the Fund, the cash and portfolio securities, on behalf of the Fund's investors.

The Manager, its officers and directors invest in units of the Fund from time to time in the normal course of business. As of June 30, 2021, the Manager, its officers and directors do not hold any units of the Fund. All transactions with the Manager are carried out at the Fund's net asset value as at the transaction date.

During the period ended June 30, 2021, there were no transactions with related parties except in the capacities and instances set out above.

CHOU BOND FUND

Financial Highlights

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund's financial performance for the period ended June 30, 2021, and for each of the past five years ended December 31, as applicable.

The Fund's Net Assets per Unit¹ - Series A Units

⁽¹⁾ This information is derived from the Fund's audited annual and unaudited semi-annual financial statements.

⁽²⁾ Net assets and distributions are based on the actual number of redeemable units outstanding at the relevant time. The increase/decrease from operations is based on the weighted average number of redeemable units outstanding over the financial period.

⁽³⁾ Distributions were reinvested in additional units of the Fund or paid in cash upon request.

⁽⁴⁾ This information is provided as at the period end shown and is rounded to the nearest thousand.

⁽⁵⁾ Management expense ratio ("MER") is based on total expenses (excluding commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of weekly average net asset value during the period. The Manager may, at its discretion, waive or absorb certain operating expenses. MER includes the waiver or absorption by the Manager of certain operating expenses, while the MER before absorption shows the MER prior to operating expenses being waived or absorbed by the Manager.

⁽⁶⁾ The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of weekly average net asset value during the period.

⁽⁷⁾ The Fund's portfolio turnover rate indicates how actively the Fund's portfolio adviser manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the financial period. The higher a fund's portfolio turnover rate in a year, the greater the trading costs payable by the fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of a fund.

CHOU BOND FUND

Management Fees

The Manager manages the Fund. The Manager is entitled to an investment management fee calculated daily as a percentage of the market value of the net assets equal to 1.15% per annum for Series A units and 1.0% per annum for Series F units, payable monthly. The Manager pays 15 basis points per year trailer fees to dealers out of management fees for Series A units. There is no trailer fee paid out for Series F units.

Past Performance

General

The following charts and tables show the Fund's past performance. Rates of return are historical total returns that include changes in unit prices and assume the reinvestment of all distributions. These returns do not take into account any sales charges, redemption fees, other optional expenses or income taxes that the Fund's investors have to pay and which could reduce these returns. The Fund's past performance does not necessarily indicate its future performance.

Year-by-Year Returns

The following bar charts show the annual performance for each of the Series A and Series F units of the Fund for each of the years shown. Each chart shows, in percentage terms, how an investment on January 1 would have increased or decreased by December 31 for each of the years, and how the performance of the Fund varied from year to year. The return for 2021 is for the six-month period from January 1 to June 30.

Series A

CHOU BOND FUND

Series F

Annual Compound Returns

The following tables⁽¹⁾ show the annual compound total return for each of the Series A and Series F units of the Fund. The tables outline the Fund's past performance for the one-, three-, five-, ten-, and fifteen-year periods ended on June 30, 2021. Also shown for the same periods are the respective historical annual compound total returns of the Barclays U.S. Corporate High Yield Index (the "Index"). The Index is a broad-based benchmark that measures the non-investment grade, fixed-rate, corporate bond market. It includes \$U.S.-denominated securities publicly issued by U.S. and non-U.S. industrial, utility and financial issuers that meet specified maturity, liquidity, and quality requirements. The Index is calculated without the deduction of management fees and fund expenses, whereas the performance of the Fund is calculated after deducting such fees and expenses.

Series A

June 30, 2021	Past Year	Past 3 Years	Past 5 Years	Past 10 Years	Past 15 Years
Chou Bond Fund	32.59%	11.52%	9.40%	6.18%	5.53%
Barclays U.S. Corp. High Yield Index (\$CAN)	4.89%	5.29%	6.46%	9.34%	8.30%

Series F

June 30, 2021	Past Year	Past 3 Years	Past 5 Years	Past 10 Years	Past 15 Years
Chou Bond Fund	32.83%	11.89%	9.69%	6.41%	5.72%
Barclays U.S. Corp. High Yield Index (\$CAN)	4.89%	5.29%	6.46%	9.34%	8.30%

⁽¹⁾ Tables assume the reinvestment of all distributions.
